***Carmen Clark Lodge at the Brighton Town Park  
777 Westfall Rd 14620***

***Free and Open to the Public***

***Light refreshments will be served***

Please come and bring your friends and family to this unique community event to launch the empowerment fable for women and girls by Marjorie Baker Price, just published through Productivity Publications. The book includes *Your Magic Mirror* by Marjorie and Kay Whipple, a special journaling and guided meditation section which follows the book. The book is available online at Amazon.com and other online bookstores as well as to order at any bookstore across the country.

*Merinda and the Magic Mirror* presents a little girl who is so caught up in “pleasing to survive” that she is unaware that she is cut off from being able to listen to and be her own authentic self. It presents her journey of transformation, looking within to find herself, knowing she really can freely, creatively respond in empowered ways. It breaks repeated cycles of dependence and abuse, supporting self-healing and inner trust.

Marjorie will also present a guided meditation, read a section from the book; and talk, along with Kay Whipple and illustrator Colleen Porter, about key concepts of this “tiny tale of transformation for all ages.” Centering Tools™ guided meditation/hypnosis audios, self-healing and development books, and intuitive affirmation cards will also be available for purchase.
